

JUNIOR MAKER WORKSHOP Level 1

Tuesdays, 3/20, (no class 3/27) 4/3, 4/10, 4/17, 4/24, 5/1
9 am - noon

The Urban Workshop is teaming up with the Chuck Jones Center for Creativity to offer this fun, project based program designed for young makers (8-9 yrs) wanting to learn how to bring their ideas to life. This six week program will introduce students to drawing techniques and tools that will enhance the visual articulation of their ideas.

What Will You Make?

- 3/20- **Shape Building:** Combine shapes to create complex objects.
- 4/03- **One Point Linear Perspective:** Give drawings the illusion of being 3D.
- 4/10- **Scale and Proportion:** Enlarge drawings using the grid method.
- 4/17- **Plotting with a Protractor:** Use math for creative design.
- 4/24- **Simple Machines:** Create a chain reaction.
- 5/01- **Conversion:** Turn a 2D drawing into a 3D object.
